

Muhammad Abdul Rehman

Email:marehman1910@gmail.com|0312-9842683|Karachi Pakistan

QUALIFICATION:

B.S. Artificial Intelligence, **CGPA: 3.55**

Dawood University of Engineering and Technology |November 2021-June 2025

Pre-Engineering

DJ Sindh Government Science College |2019-2020

Matriculation

Crescent Bahria Cadet College |2018

INTERNSHIPS / JOB SIMULATION PROGRAMS:

1) **Data Science Internship, Digital Empowerment Network (DEN)** – Pakistan | July 2025
September 2025

- Collaborated on end-to-end data science projects involving data collection, analysis, and model development.
- Applied data science techniques to real-world problems through feature engineering, visualization, and deployment.
- Completed weekly tasks and presented project outcomes through interactive dashboards.

2) **Data Science Internship, AA Solutions Software House** – Pakistan | July 2025- September 2025

- Completed a 6-week internship focusing on data collection, cleaning, analysis, and visualization.
- Applied Python libraries and statistical techniques to extract insights from datasets.
- Developed mini-projects demonstrating practical applications of data science methods.

EXPERIENCE:

Teaching Assistant, Gulshan Technical High School – Pakistan | 2020 – Present

- Taught Physics, Computer, and Mathematics to secondary-level students.
- Designed lesson plans, delivered lectures, and prepared assessments.
- Guided students in developing strong foundations in science and technology subjects.

Sales Associate, Dorsum (DME Lead Generation Campaign) – Pakistan | May 2025

- Engaged in healthcare sector lead generation by identifying and qualifying potential clients.
- Handled outbound calls, managed data entry, and maintained client databases. □ Contributed to building a strong lead pipeline supporting sales initiatives.

UNDERGRADUATE PROJECTS (2021–2025):

- AI-Powered Early Skin Cancer Detection (Final Year Project)
- Heart Disease Prediction
- House Price Prediction
- IMDB Movie Sentiment Analysis
- Spam Detection Project

CERTIFICATIONS:

- Introduction to Artificial Intelligence – **Great Learning Academy**
- Introduction to Data Science – **Cisco Networking Academy**
- Google Prompting Essentials – **Coursera**
- Google Advanced Data Analytics – **Coursera**
- Web Development – **Hyperlink Institute**
- Diploma in Mechanical – **Technocraft Polytechnic Institute**

SKILLS:

- Python
- HTML
- CSS
- JavaScript
- AI Fundamentals
- Problem Solving
- Communication
- Office Automation
